Sing along with the catchy classic in this adorably illustrated, interactive board book with push-button sound. Little ones ages 3 and up will love sliding and pulling the tabs and spinning the wheel as they sing along and travel with the animals on the bus. With a sound chip and hands-on elements, this fun book is sure to be a story time staple!

### Activity time!

- 1. Modes of transportation:** Discuss different forms of transportation with your child. How does he get where he needs to go? Has she taken public transportation—the bus, a train, an airplane, the subway?
- 2. Complete the scene:** Plan an imaginary (or actual!) bus ride. Where would your child like to go? Add a road, buildings, landmarks, and people to the bus scene below to depict the desired location.
- 3. Add your own verse:** Come up with your own verse to the tune of The Wheels on the Bus. Add hand motions too!
